Committee members planning this year's Relay For Life fundraiser for the American Cancer Society are setting a goal to raise \$150,000 for the event, which is scheduled April 22-23 at the South Pasadena High School track. That is \$45,000 more than the event raised in 2005.

This year's theme will be the "70s," with games, decorations, participant outfits, and cancer education messages reflecting that decade. A large disco ball will grace the event stage.
